

**Lab 04:** Task to perform

1. On the base of the document "[\*Creating & Running Unit Tests vs2015.pdf\*](#)" create Unit Testing using VS2015.

**Notes:** As additional material, you may look at the document (the link below) – what is “Generic” Test and how to create and use it.

The document: "[\*Walkthrough - Creating and Running a Generic Test.pdf\*](#)"
